IT Assistant & Full-Stack Developer

Iloilo, Philippines | 09388759110 | patrickcabansag5@gmail.com | linkedin.com/in/glenpatrick | gl3nnnn.github.io/Cabansag.github.io

SUMMARY

Information Technology professional in Iloilo, Philippines, working as an IT Assistant at COMPASS Training Center. BS Information Technology, University of San Agustin (2024). My work sits where software meets the people who depend on it: building web applications, supporting users, and keeping networks running. Most of my PHP, JavaScript and networking experience comes from projects I build outside of work.

EXPERIENCE

IT Assistant — COMPASS Training Center, Inc. Oct 2024 – Present
Iloilo City, Philippines

- Provide IT support and assistance at the COMPASS Training Center, helping maintain systems, devices and network infrastructure that support daily operations.
- Support staff and trainees directly, resolving technical issues and keeping classroom and administrative systems available.

IT Help Desk — Lead Generation and Donor Creation Inc. Jan 2024 – Apr 2024
Iloilo City, Philippines

- Responded to technical requests and incidents, troubleshooting hardware and software issues for end users.
- Documented recurring problems and worked with users through resolution to keep daily operations running.

EDUCATION

Bachelor of Science in Information Technology Aug 2020 – Jun 2024
University of San Agustin, Iloilo City, Philippines
