

Glenn Patrick Cabansag

IT Support & Systems Professional

Iloilo City, Philippines | 09388759110 | patrickcabansag5@gmail.com | linkedin.com/in/glenpatrick | github.com/Gl3nnnn | gl3nnnn.github.io/Cabansag.github.io

SUMMARY

IT Assistant with hands-on experience providing technical support, troubleshooting hardware and software issues, maintaining IT systems, and assisting staff and trainees in a training-center environment. Skilled in networking fundamentals, Windows support, hardware troubleshooting, and basic system administration, with practical development experience in PHP, Laravel, JavaScript, and MySQL. Experienced in building IT solutions such as purchasing, asset management, and queue management systems, combining technical support with practical problem-solving and automation.

EXPERIENCE

IT Assistant — COMPASS Training Center Oct 2024 – Present
Iloilo City, Philippines

- Provide day-to-day IT support to staff and trainees, troubleshooting and resolving hardware and software issues.
- Maintain systems, devices and network infrastructure that support daily operations.
- Keep classroom and administrative systems available throughout each training day.
- Write small scripts and tools to automate routine tasks and cut down repetitive support work.
- Built the registration-area queue system, and develop an accounting web application in beta.

IT Help Desk — Lead Generation and Donor Creation Inc. Jan 2024 – Apr 2024
Iloilo City, Philippines

- Responded to technical requests and incidents, troubleshooting hardware, software, and basic network issues for end users.
- Installed, configured, and maintained computers, peripherals, applications, and user workstations to support daily operations.
- Documented recurring problems, tracked incidents to resolution, and escalated to the right team when needed.
